Risk Management

Risk management is about assessing the risk of something detrimental occurring, and minimising that risk. To that end, we always ask members to be careful to prevent trip hazards, such as making sure handbags are stowed safely so that no-one can trip over them. We also want members to be aware of evacuation procedures in the event of fire, and where first aid kits are available. More information will be given at meetings.

Book Groups

Both groups are still going well, meeting each month. Book Group 1 decided to cancel June's meeting, but Group 2 went ahead. "Adhering to Covid social distancing restrictions, the 2nd bookclub met in June in Allambee Park, Valentine. Fortunately the weather remained fine until later in the day. The book for discussion was *Burial Rites* by Hannah Kent. Everyone agreed it was a good read and initiated plenty of discussion. Our book for July is "My grandmother asked me to tell you she's sorry" by Fredrik Backman."

Wendy Rae

Looks like everyone is enjoying the winter weather!

Meet Dorothy Krause

Dorothy is a long-term member of Valentine Ladies Probus Club, having served on the committee in various positions, including President.

Here is Dorothy celebrating her 80th birthday with friends at Brown Sugar Restaurant. Congratulations on a wonderful milestone Dorothy.

Travellin' Round

One of our members, Di Rees, is on a long trip through the top of Victoria and South Australia, up the middle of Northern Territory and has been spending time in the top and down the coast of Western Australia. Di has been sending back some wonderful photos of her trip. The photos are of a flight over the Broome and Derby area. Something to be envied... Thank you Di, and Gail Caldwell, who passed them on to me.
